

Lecture – 10 Minutes

Introduction to the learning cycle – Kolb Model of learning

Activity 1

1. Introduction to Seesaw app – 10 min
2. Sign up and use the app to update your goals from the beginning of the course. Share your work with the group and review work of three other students.

Reflections: 10 Minutes

How do you think this would work with your students?

Do you think it would be useful for deep learning?

How might you use this tool for assessment, feedback?
