ABOUT THIS LEARNING OBJECT

This is a step by step guide to using the HI-Q MP3 Recorder App for Android. Before you start please [download the App from the Play Store](#) and install on the Android tablet or mobile device you want to use for the recording of sound.

STEP 1. START RECORDING

Open the App. To start recording, tap the red record button in the middle left at the bottom of the screen.

STEP 2. PAUSE RECORDING

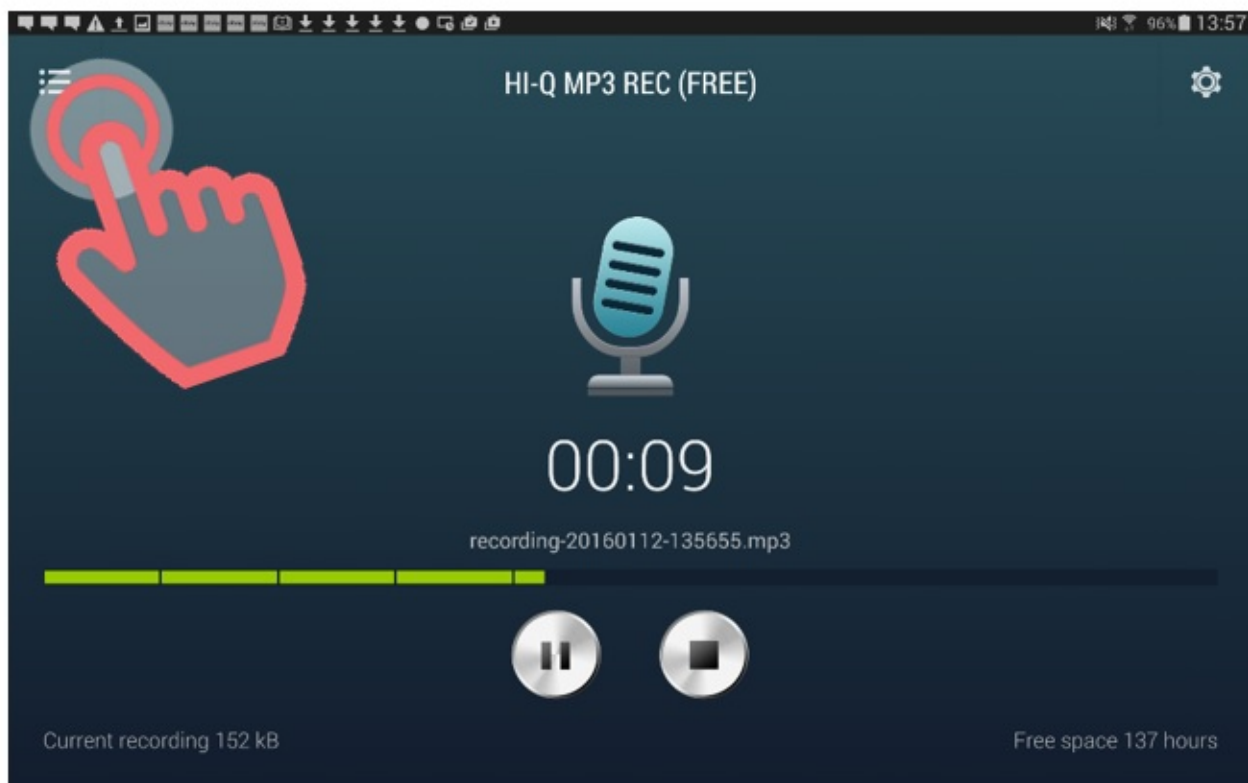

To pause recording, tap the same button.

STEP 3. STOP RECORDING

To stop and finish the recording, tap the Stop button in the middle right of the bottom of the screen.

STEP 4. REVIEW, SHARE OR UPLOAD

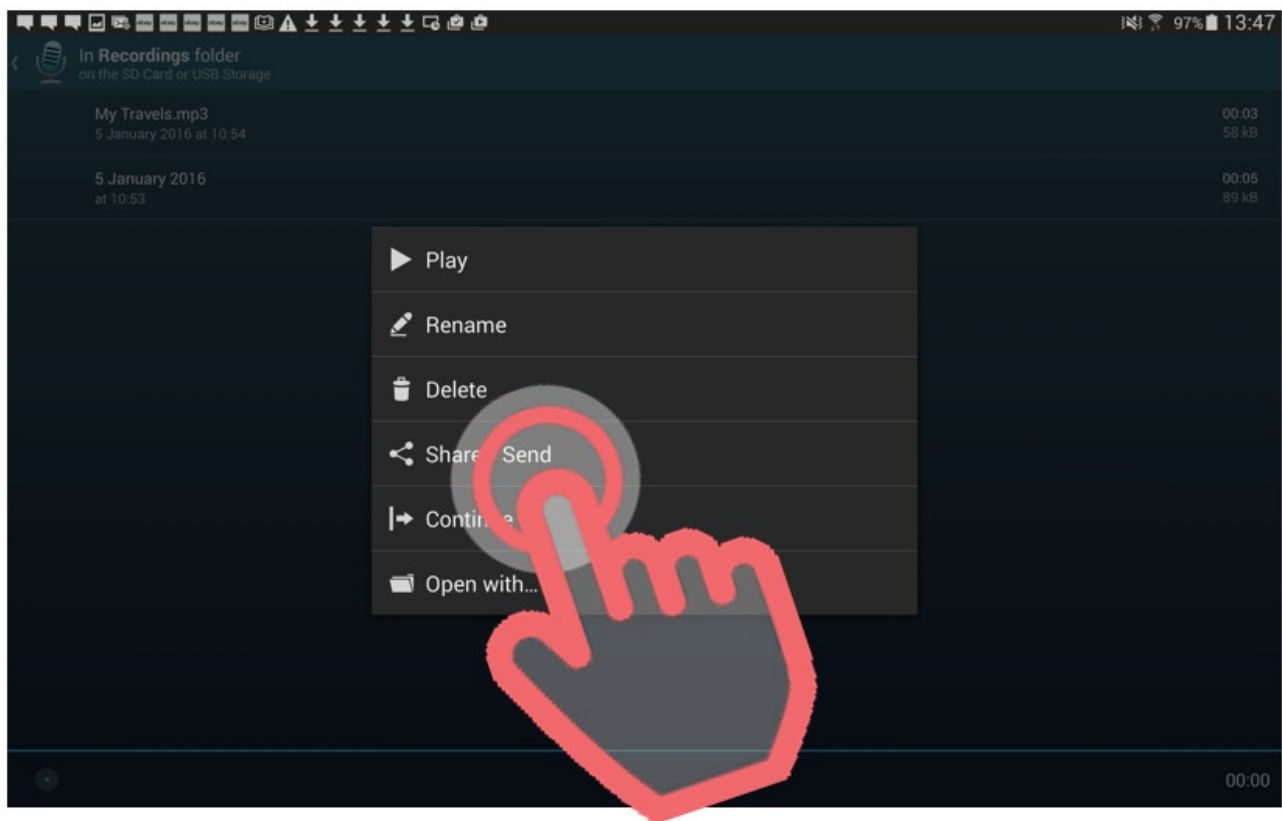

When you have finished recording and want to review, share or upload your sound file, tap menu icon in the top left of the screen.

STEP 5. SELECT RECORDING

You will now see a list of all of your saved sound recording files. Tap one in the list to review, edit, upload or share it.

STEP 6. UPLOAD RECORDING

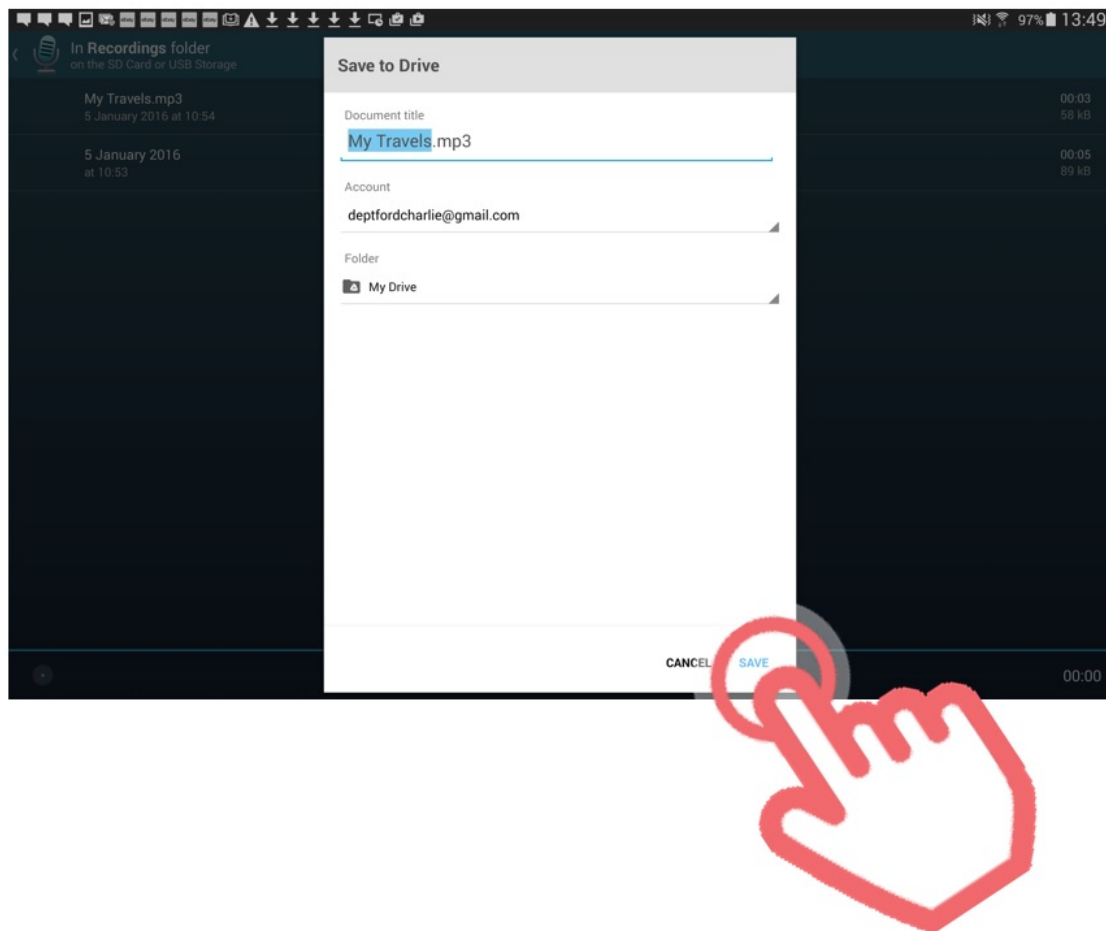

To upload the file to your Dropbox or other cloud storage account, tap Share/Send.

STEP 7. SELECT SHARE OPTIONS

You will now see a list of all the different sharing options available. Select the one you want to use by tapping it. In this example we are using Google Drive.

STEP 8. SHARE OR UPLOAD RECORDING

Check the details are correct, then tap Save and your file will be uploaded to the cloud storage App that you selected (in this case Google Drive).
