

**Lecture – 10 Minutes**

Introduction to the session and to the Padlet app.

**Activity 1 – 60 Minutes**

In small groups research:

- a) Group 1- What is the flipped classroom approach – find examples
- b) Group 2 - What is the impact of the flipped classroom approach? – how do we know that it is working? – find research evidence.
- c) Group 3 - What is the best technology to support the flipped classroom? – find examples.
- d) Group 4 - What do teachers and students say about flipped classroom? – provide examples of real feedback on the flipped classroom approach from students, parents and teachers.

Prepare a 5 min presentation on your research topic.

Share with the whole class.

**Summary & Reflections: 20 Minutes**

What do you think of this approach?

How does it fit with personalised learning?

How does it promote autonomy? And universal design for learning?

What about inclusion?
